

VARENNE GLOBAL SELECTION FCP

MONTHLY REPORT (A-EUR CLASS) - OCTOBER 2018

NAV

200.91 €

VARENNE GLOBAL SELECTION is a professional alternative investment fund. It is not subject to the same rules as general investment funds (UCITS funds) and can therefore carry higher risk. Only those persons listed in the section entitled "Target Investors" of the prospectus may purchase units in the VARENNE GLOBAL SELECTION

INVESTMENT OBJECTIVE

The Fund's objective is to target above average returns in a fund that mixes a concentrated long and short equity portfolio (long biased) with an overlay of merger arbitrage (long/short pairs or longs) and opportunistic tail risk hedging.

MONTHLY COMMENTARY

Contribution: Despite Short Equity, Special Situations and Tail Risk Hedging all contributing positively to the fund's performance over the month (respectively 0.19%, 0.15% and 0.25%), the fund's performance was mainly the result of the performance of the Long Equity Book which contributed -4.12% over the month. Main contributors were LVMH (-0.86%), Accenture (-0.71%), Sesa (-0.71%), Wirecard (-0.69%) and Greggs (+0.64%).

Long Equity : No major change was made to the portfolio.

Short Equity : No major change was made to the portfolio.

Merger Arbitrage : A new position was initiated in K2M Group (US) following the offer of Stryker (US). The positions in Enercare (CA) and Syntel (US) were tendered to their respective offers.

Tail Risk Hedging : The Fund is hedged against economic and financial risks through CDS on European subordinated financial debt maturing in December 2021 and June 2022, put-on-best options on the EuroStoxx 50 and Nikkei maturing in March 2020, and yen/dollar put options maturing in 2023.
